

Congratulations Mānoa Tiger Robotics!

Congratulations to our Mānoa Tiger Robotics teams who represented our school, the State of Hawaii, and the United States with pride and inspiration at the 2019 VEX IQ World Championship Tournament from April 24-27 in Louisville, Kentucky. After winning the prestigious Excellence Award and taking first and third place in the Team Alliance Challenge at the VEX IQ Hawaii State Championships in March, three Mānoa Tiger Robotics teams are coming home from the World Championships with an impressive total of FIVE awards.

They are:

- *The Create Award (Technical Judged Award)*
Robot with a creative engineering solution
- *The Amaze Award (Technical Judged Award)*
Amazing, well rounded, and top performing robot
- *Teamwork Challenge Division*
2nd Place
- *Girl Powered Online Challenge*
Team with the best Girl Powered Challenge story submission
- *Build Award (Technical Judged Award)*
Sturdy, well-crafted robot

The entire school community is very proud of their accomplishments and is looking forward to their arrival back to Mānoa School later in the week. Their hard work, persistence, creativity, problem solving, and teamwork is an inspiration to us all! Mahalo to all the coaches, chaperones, parents, and sponsors who made this all possible!
